O'REILLY®

O'Reilly for Higher Education

O'Reilly size;

-30.000 saatlik video içeriği

-Endüstrideki en önemli uzmanlardan Vaka Çalışmaları, Öğrenme Yolları, Eğitim İçerikleri ve Çalma Listeleri,

-Yüzlerce konuyu kapsayan 45.000'den fazla e-kitap

-İş ve teknolojideki en büyük içerik seçeneklerini sunuyor.

Araştırmacılarınızın kariyerlerine hazırlanmak içerik genişliğini ve derinliğini garanti ediyor.

O'Reilly for Higher Education' nın araştırmalarınızı desteklemeye nasıl yardımcı olabileceğini anlamanın en iyi yolu, **oreilly.com/search** adresine giriş yapmak ve keşfetmeye başlamaktır.

İÇERİK:

AI and machine learning (1,400 titles)

- Artificial intelligence
- Chatbots
- Computer vision
- Machine learning
  - Deep learning
  - Mahout
  - Neural networks
  - PyTorch
  - Recommender systems
  - Reinforcement learning
  - Scikit-Learn
  - Tensorflow
  - Unsupervised learning
- Natural language processing (NLP)

Cloud platforms (1,000 titles)

- Go
- JVM Languages
- Java
- Low-level languages
- Lua
- OCaml
- Perl
- Python
- Qt
- Ruby
- Swift
- Tcl/TK

Programming (5,100 titles)

- .NET
- C, C++, and Objective-C
- COBOL
- Dart
- Functional programming

- Amazon Web Services (AWS)
- Cloud Foundry
- Google Cloud Platform
- Heroku
- IBM Cloud
- Microsoft Azure
- OpenStack

Security certification (480 titles)

- CompTIA CASP
- CompTIA CSA+
- CompTIA Security+
- CBK
- CCNA Security
- CCSP
- CEH
- CISA
- CISSP
- CSSLP
- SSCP

Software architecture (490 titles)

- Architectural patterns
- Distributed systems
- Domain-driven design
- Enterprise architecture
- Evolutionary architecture
- Serverless architecture

Topics

Business (12,000 titles)
- eCommerce
- Economics
- Finance and accounting
- Gig economy
- Human resources
- Operations
- Productivity tools
- Project and product management
- Sales and marketing
- Strategy

Career development (2,000 titles)
- Personal development
- Professional communication
- Tests and education

Data (7,000 titles)
- Data engineering
    - Accumulo
    - Ceph
    - Data models
    - Data warehousing
    - Database administration
    - DynamoDB
    - Filemaker
    - GIS
    - Google BigQuery
    - Hadoop
    - Hive
    - IBM
    - Impala
    - Integration solutions
    - Kudu
    - Log data
    - Metadata
    - Microsoft Access
    - NoSQL databases
    - Oracle Database Solutions
    - Privacy and security
    - RedShift
    - Relational databases
    - SAP
    - SQL
    - Search
    - Spark
    - Storage formats
    - Storage repositories
    - Streaming and messaging
    - Zookeeper
- Data science
    - Analytics platforms
    - Bioinformatics
    - Data governance
    - Data science tools
    - Data science as a profession
    - Data visualization
    - Enterprise data strategy
    - Exploratory data analysis
    - Feature extraction
    - Graph analytics
    - Statistics
    - Time series
    - Web scraping
- AI and machine learning

Design (5,000 titles)
- Branding
- Design process
- Design tools
- Fashion design

Topics

- Industrial design
- Interface design
- Music and audio
- Product design
- Virtual reality / Augmented reality
- Visual design

Hardware (1,000 titles)
- Chips and processors
- Drones
- Embedded systems
- IoT
- Kinect
- Making
- Wireless

Security (2,000 titles)
- Application security
- Digital forensics
- Frameworks and standards
- Governance
- Malware
- Network security
- Penetration testing / Ethical hacking
- Security certifications
- Security engineering
- Security operations

Software development (8,000 titles)
- Blockchain / Decentralized apps
- Coding practices
- Compilers
- Computer science
- Domain-specific languages
- Game development
- Graphics programming
- Programming languages
- QA / Testing

- Software architecture
- Software collaboration
- Text editors & IDEs

System administration (7,000 titles)
- Backup and recovery
- Cloud computing
  - Cloud migration
  - Cloud platforms
- Computer networking
- Configuration management
- Containers
- DBA
- DevOps
- Email servers
- IT certifications
- Identity / Access Management
- Infrastructure as code
- Microservices
- Monitoring
- Operating systems
- Recovery planning
- ServiceNow
- Site reliability engineering
- SysML
- Virtualization

Web and mobile (4,700 titles)
- Mobile development
  - Automation tools
  - Hybrid mobile development
  - Native Android Development
  - Native iOS development
  - Progressive web apps

O'REILLY®

Topics

- Web development
  - Adobe Flash
  - Apache Flex
  - Content management Systems
  - DreamWeaver
  - Frontend web development
  - Google Web Toolkit
  - JavaScript
  - Liferay
  - Maps on the Web
  - Microsoft expression web
  - Microsoft Silverlight
  - Node.js
  - PHP
  - Python web frameworks
  - Ruby on Rails
  - Web APIs
  - Web performance
  - Web servers
  - YUI
